Achievements

- Achieved [IELTS Band 8.0](#) for English language proficiency.
- Earned [Merit Scholarships](#) for academic excellence in A-Levels and undergraduate program.
- Ranked [Top 50](#) in CEATS English Linguistic Contest, [Top 75](#) in CEATS Maths, and [Top 100](#) in International Kangaroo Linguistic Contest.
- Attained [High Achiever Award](#) for scoring 5As in GCE O Level.
- Secured [Highest Achievement Award](#) in CS and [Outstanding Effort Awards](#) in Mathematics and English.
- Obtained leadership certificate for serving on [Student Council](#).
- Received [Best Team Leader Award](#) and [Certificate of Excellence](#) for leadership in AIESEC.
- Participated in international hackathons, science, mathematics and art competitions.

Education

Shaheed Zulfikar Ali Bhutto Institute of Science and Technology
Bachelor of Computer Science. GPA: 3.72 / 4.00

Karachi, Pakistan
Expected July 2027

Professional Experience

Neura

Technical Founding Member

Remote

Feb 2026 – Present

- Built AI-powered conversational workflows using Node.js, TypeScript, LLMs, contextual memory, and backend APIs.
- Designed and deployed backend services supporting real-time AI interactions, workflow orchestration, and Dockerized deployments.

Atompoint

Software Engineer Intern

Karachi, Pakistan

Feb 2026 – May 2026

- Developed and optimized full-stack features using Next.js, React, and REST APIs.
- Collaborated on production-ready features and contributed to debugging, testing, and deployment workflows.

Dev Weekends

Fellowship

Remote

Nov, 2025 – June, 2026

- Engineered and deployed 5 full-stack web applications using the MERN stack.
- Practiced and solved Data Structures and Algorithms problems to improve algorithmic problem-solving skills.

International Hackathons & Technical Projects

RoohVeere — E-commerce Platform | *Astro, JavaScript, Firebase*

Aug 2025

- Developed a production e-commerce application.
- Built out core features including product reviews, secure checkout workflows, and SEO optimizations.

GoTaskMaster (Google & Gemini Hackathon) | *Python, FastAPI, Google ADK*

Aug 2026

- Architected a 5-agent AI pipeline using Google ADK and Gemini 3.5 to autonomously transform omnichannel customer messages into structured support tickets
- Integrated asynchronous FastAPI endpoints with the React frontend to visualize structured support tickets, dynamic sentiment scores, and automated calendar bookings

ZK-Participation (Midnight x MLH Hackathon) | *React, TypeScript, Midnight Network* July, 2026

- Collaborated on a Web3 dApp utilizing Zero-Knowledge Proofs to privately verify clinical trial participation.
- Acquired hands-on experience with the Midnight blockchain network and Compact framework to support decentralized cryptographic workflows.

Full-Stack Real Estate Marketplace | *React, Node.js, Express, MongoDB* Jan 2026

- Developed a full-stack property listing platform featuring hybrid JWT/Firebase authentication.
- Built secure RESTful CRUD APIs with cookie-based session security.

IntelliScan — AI Document Classifier | *Python, PyTorch, FastAI, FastAPI* Jun 2025

- Engineered an AI-powered document and image classification system using Python, PyTorch, and FastAI.
- Implemented an end-to-end machine learning pipeline from custom data preprocessing to REST API deployment via FastAPI.

Teaching & Volunteer Experience

Instructor Karachi, Pakistan

- **AI Bootcamp Co-Instructor:** Teaching a curriculum covering Python, FastAPI, ML/DL, and AI agents to underprivileged students.
- **Figma Workshop:** Conducted UI/UX workshop for undergraduate peers.

Community Engagement Karachi, Pakistan

- **Project Pakistan:** Manage university relations for a national youth transformation program. Organize CSR campaigns and corporate Think Tanks with industry partners.
- **COALI (Academic Community Moderator):** Moderated and expanded Pakistan's largest student-run academic group from 30k to 100k+ members by arranging free resources, providing individual assistance.
- **WWF-Pakistan & UNAP:** Executed 35 total hours of community service for WWF *Eco programs* and provided recognized support for a United Nations Association of Pakistan event.

Leadership Experience

AIESEC Karachi, Pakistan

Multiple Leadership Roles Aug 2024 – Jul 2025

- **Vice President (Youth Speak Forum):** Curated event agenda and invited speakers aligned with event goals through research and outreach.
- **External Relations Manager (Incoming Exchange):** Directed outreach to 50+ organizations, secured a key partnership, and supported cross-functional tasks.
- **Director (Logistics, Stakeholders' Evening):** Managed venue, technical setup, and event logistics on a one-week timeline in coordination with co-director.
- **Outreach Manager (Outgoing Global Talent):** Coordinated with potential exchange participants and partnered with universities to promote global internship opportunities.

SZABIST Karachi, Pakistan

Class Representative Sept 2023 – Present

- Mediate academic concerns by coordinating between students, faculty, and administration.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript, TailwindCSS, Astro, React Native

Backend: Python, Node.js, Express.js, Java, PostgreSQL, ASP.NET Core (MVC), REST APIs

AI & ML: LangGraph, RAG, Vector Retrieval, PyTorch, FastAI, Pandas, Numpy, Scikit-learn

Tools & Operations: Docker, Git/GitHub, Kubernetes, Linux, n8n, Firebase, Render, Figma
